FINANCIAL AID INFORMATION

VERIFICATION FOR FINANCIAL AID

Verification is the confirmation through documentation that the information provided on a student's Free Application for Federal Student Aid (FAFSA) is correct. The federal government requires colleges and universities to verify or confirm the data reported by students and their parent(s) on the FAFSA.

It is the responsibility of all students chosen for verification to submit the required verification documentation.

International Beauty Education Center does not award federal, Title IV aid until the verification process is complete.

On the rare occasion that a student is selected for verification after being awarded Title IV aid, the student will be subject to all the rules and requirements of verification as those applicants who were selected before being awarded.

If the student's federal Title IV aid eligibility changes as a result of corrections made through the verification process or by the students (online), the student will be responsible for any reduction to their Title IV aid.

International Beauty Education Center will notify the student, if any changes to his/her Title IV aid within 5 business days of the date the institution received the corrected ISIR. All Title IV aid changes will also be reflected on the student's payment plan.

HOW IS FINANCIAL AID DETERMINED

The financial aid staff starts by deciding upon your cost of attendance (COA) at that school. They then consider your Expected Family Contribution (EFC). They subtract your EFC from your COA to determine the amount of your financial need and therefore how much need-based aid you can get.

FINANCIAL AID CREDIT BALANCE

When financial aid is disbursed to a student's account it is applied to the student's account balance. If there is a credit remaining after all tuition and fees are paid, then the student's account is reviewed to determine if the credit should be refunded to the student.

PROFESSIONAL JUDGMENT

Refers to the authority of a school's financial aid administrator to make adjustments to the data elements on the FAFSA and to override a student's dependency status. The decision of the financial aid administrator is final.

DEPENDENCY OVERRIDE

The Higher Education Act allows an FAA to make dependency overrides on a case-by-case basis for students with special circumstances. FAA can also determine if a student is an unaccompanied youth who is either homeless or is self-supporting and at risk of becoming homeless. A student is considered homeless if he or she lacks fixed, regular, and adequate housing. This includes students who are living in shelters, motels, cars, or parks, or who are temporarily living with other people because they have nowhere else to go. Students are also considered homeless if they are fleeing an abusive parent(s) who would otherwise provide the student with financial support and a place to live. Homeless youth determinations should be made on a case-by-case basis.
